

live later life well

Anjulita Court Bedford

Residential, residential dementia
and general nursing care

A warm welcome to Anjulita Court

At Anjulita Court, we provide residential, residential dementia and general nursing care for 62 residents, in purpose-built accommodation. All our bedrooms have a full en suite wet room with toilet and sink, and some rooms enjoy lovely garden views.

Within our impressive building, there's a real community feel, where our passionate team deliver personalised care in a friendly, supportive and safe environment.

Situated on the edge of a country park, residents can enjoy being outdoors in the beautifully landscaped gardens and patio areas. Our hair salon offers the opportunity for a spot of pampering and we have a chapel and sensory room for quiet time. The hydrotherapy pool is great for relaxation and rehabilitation. There's also a coffee shop which is the perfect place to get together with friends and family.

Our Activities Coordinator schedules regular optional activities, helping residents to explore their interests and discover new ones. There's armchair exercise sessions, baking, flower arranging, arts and crafts, quizzes, gardening, film afternoons, bible studies and church services. For residents living with dementia we offer award-winning music therapy, robotic pets and an interactive 'magic' table. At Anjulita Court we have a dedicated chaplain for all pastoral and religious care needs.

Care, above and beyond

At Anjulita Court we develop a personalised care plan shaped around interests, needs and choices.

Round-the-clock care is provided by a team of highly trained carers, who are incredibly passionate about what they do. Life here is easy and enjoyable and we take the time to really get to know our residents to ensure we offer just the right balance of company and privacy for all.

Residential care

Our residential care provides a home from home to make sure your loved one continues to live life to its fullest, remaining as independent as possible, with peace of mind that comes from 24-hour support.

Nursing Care

Our 24-hour nursing care is tailored for individual needs. Providing nursing care for those with medical needs, whether that's a long-term illness or disability. Delivered with friendly expertise by our highly skilled team of nursing professionals.

Residential dementia care

At MHA we have a pioneering approach to dementia care providing a reassuringly familiar environment where residents enjoy music therapy, interactive 'magic tables', robotic pets and activities designed to stimulate and engage.

Creating a richer and more fulfilled later life

Our approach to care is a truly holistic one, always with the aim of nurturing mind, body and spirit.

This comes as part of our promise to you and our residents, to help them genuinely live a better, more fulfilled life by respecting their individual needs and presenting them with opportunities to keep their minds and bodies active.

Whether they flourish in a lively group activity or prefer to re-charge in the peaceful surroundings of a quiet space, our home is brimming with inspiration and potential.

Enjoying every day

Activity Coordinators are integral to our homes, ensuring there is a varied weekly activities calendar, tailored to meet the individual interests and preferences of each resident.

Recognising the spiritual needs of our residents

All MHA care homes provide residents with pastoral care through our dedicated chaplaincy service. Our chaplains provide one-to-one support, a sense of comfort and a listening ear to everyone who needs it. We know that spirituality is important to many of our residents which is why we treat every person as an individual and encourage links with local faith communities where appropriate.

Keeping in touch with each other

There are a number of ways to keep in touch with family and friends in addition to visiting the home. Using technology you can catch up over Zoom, through our Facebook page, or Famileo, an individual, personalised digital/printable family newsletter.

Creating a safe environment

We have a call system which can be operated by a hand control or pendant, depending on personal preference. Keypad door coding ensures that residents are safe and secure at all times.

Freshly prepared, nutritious meals

Mealtimes are an important part of the day here, giving residents the opportunity to get together and enjoy home cooked food in a relaxed restaurant-style environment.

We always offer two meal options and all specialist diets are catered for. Our chef will happily prepare an alternative dish if nothing on the main menu appeals.

Freshly prepared meals, cooked by our in-house chef

Locally sourced meats, fruit and vegetables where possible

Seasonal ingredients – menus change three times a year with input from residents

Specialist equipment and assistance as needed

Snacks and drinks available 24 hours a day

Home baking every day

Relatives welcome to join residents for meals

Personalised Dementia Care

Dedicated to providing exceptional support to people living with dementia.

MHA is a pioneer of relationship-centred dementia care in the UK

Our dementia care homes offer relationship-centred care for people living with dementia, focusing on their individual needs, preferences and abilities.

We recognise the crucial role families have to play and work closely with them to ensure we provide the best care possible. We ask families to share information about their loved one so we can build a full picture of their needs, their life story, likes and dislikes which enables us to offer a personalised care plan.

Relevant team members receive a full training programme which includes Dementia Friends, Love to Move, Understanding Distress Behaviours, wellbeing activities and dementia training for family members. There is a particular focus on the importance of relationships between the person with dementia, their families, friends and our staff.

Music therapy

MHA are the leading provider of music therapy in dementia care across the UK

Our award-winning music therapy sessions are led by highly-trained therapists and can have an incredibly powerful and positive impact on a resident's wellbeing by reducing feelings of anxiety and agitation. Each home has regular group sessions while one-to-one sessions can also be arranged based on an individual assessment of a resident's needs.

Using technology to improve wellbeing

We use technology across our care homes to help residents feel engaged with others and to provide meaning and comfort. Many of the homes have interactive 'magic tables', which are portable, motion-activated sensory projection systems, equipped with quizzes, music, activities and virtual tours. HUG dolls, designed to mimic the feeling of cuddling another person, have weighted limbs and a simulated beating heart to bring moments of calm and relaxation. All of our care homes have a specially designed robotic pet, either an interactive cat or dog which responds as a real pet would, helping to stimulate conversation and evoke memories of past pets.

Joy for All™

MHA in your community

We're proud to be the UK's largest charity care provider and are dedicated to enabling older people to live later life well.

MHA will be 80 years old in 2023, that's 80 years' experience of putting people at the heart of everything we do in all our homes, schemes and community services across England, Scotland and Wales.

Retirement Living

Embrace the benefits of independent living in a community of like minded individuals. Our retirement housing is designed to meet the needs of older people. Find out more www.mha.org.uk/retirement-living

Communities

MHA Communities, offer a variety of exciting and fulfilling social activities and services for people aged 55 and over. Find a scheme near you www.mha.org.uk/communities

Volunteering

Are you interested in volunteering for MHA? We can work together to find something both suitable and flexible for you and the needs of your local community. Volunteer now www.mha.org.uk/volunteering

Befriending

Befriending is one of the most popular services within our MHA Communities and gets people together to make friends either face to face or via the telephone. Find a friend near you www.mha.org.uk/befriending

MHA Active

MHA Active has been created for older people to enjoy a range of live and on demand video based activities from the comfort of their own home. This includes baking, exercise, crafts, quizzes and religious services. Find out more www.mha.org.uk/dc
