Residential, residential dementia and short-stay care in Wednesfield

# The care home where *life flourishes*

**Waterside House has been thoughtfully designed to offer a comfortable, accessible, and welcoming environment where residents can feel truly at home.**

Located less than a mile from Wednesfield shopping centre and close to Bentley Bridge retail park, the home enjoys easy access to a variety of local services. The nearby canal and surrounding green spaces provide scenic spots for relaxation and leisurely walks.

The home opened in 2005 and provides residential and residential dementia care for 60 residents in four wings - Bluebell, Primrose, Magnolia, and Heather. Each offering en-suite bedrooms, inviting lounges, and communal dining areas where residents can gather, socialise, and enjoy meals together. Every resident is encouraged to personalise their space to reflect their personality and cherished memories.

Every detail is designed to ensure residents feel safe, supported, and part of a close-knit community.

Waterside House is a big family where everybody comes together with providing outstanding care in the best way possible. I love to make a difference and to make the residents smile every day. They live in difficult times and have been through a tough journey, to be able to help them, show them love and care for them means the world to me.

The landscaped gardens provide a peaceful retreat where residents can connect with nature and enjoy the changing seasons. Designed for relaxation, the grounds feature a charming summer house surrounded by vibrant flowers, inviting pocket gardens, and patio seating areas perfect for soaking up the fresh air.

Residents take an active role tending to the gardens, with projects like the Pot Gang, where they grow tomatoes, chillies, and potatoes to be used in home-cooked meals. Gardening clubs and seasonal planting activities bring residents together, fostering a sense of accomplishment and joy.

The striking steel key globe at the front of the property stands as a distinctive landmark, capturing the admiration of visitors and those passing by.

The gardens are more than just outdoor spaces - they are places to relax, connect, and make lasting memories throughout the year

The care here is all about warmth, companionship, and making every day special. Whether it's enjoying a chat over a cuppa, taking part in fun activities, or heading to the local pub, life here is filled with moments to cherish.

Our compassionate care is delivered by a dedicated team that has been part of the home since the very beginning in 2005.

For residents living with dementia our interactive 'magic tables' and lifelike robotic pets bring joy to residents, while round-the-clock support from local GPs, nurses, opticians, and other specialists ensures everyone's well-being is top of mind.

With strong community ties and friendly paramedics often dropping in for tea and biscuits, it's a home filled with warmth, connection, and a sense of belonging.

The staff have shown my wife, a vascular dementia sufferer, love and compassion while catering for all her needs always with a friendly and caring attitude. It is a true second home for both of us, a place of love, happiness and friendship.
