**Residential and short-stay care in Royal Leamington Spa**

# The home with a *legacy of care*

**When you first visit Homewood, it isn't the nearness to the bustling town centre of Royal Leamington Spa that will stay with you. It's probably not the historic building either. Lovely though it is.**

Instead, it's the spirit of positivity and warmth that permeates our home and the blending of our historic roots and modern comforts to create a warm and welcoming environment underpinned by more than 70 years of care experience.

People tell us it feels like a home from minute one, that they can sense the feeling of community and companionship as they are greeted by the team and residents alike.

From the joy of a visit by local school children to the simple pleasure of a stroll through the gardens, every day at Homewood is filled with opportunities to connect, celebrate, and thrive.

Here, care goes beyond meeting needs - it's about helping residents live life to the fullest.

# Delights on *your doorstep*

**At Homewood, the gardens are not just outdoor spaces - they're an essential part of life, offering beauty, connection, and tranquillity.**

The home is surrounded with carefully landscaped grounds dotted with vibrant flowerbeds, peaceful patios, and secure pathways, providing the perfect setting for a stroll or a moment of quiet reflection.

With the help of local volunteers and The Princes Trust, the gardens have been revitalised, creating a hub of activity and relaxation with welcoming spaces for summer garden parties, birthday celebrations, and more. There's pots and troughs aplenty for anyone who wants to enjoy a bit of light gardening, planting bulbs, or simply relaxing in the fresh air.

The proximity to Jephson Gardens and Newbold Comyn Country Park adds even more opportunities to connect with nature. Residents can enjoy scenic outings or sit back and take in the stunning views of the local countryside. Whether it's an organised event or a quiet afternoon under the sun, the gardens at Homewood are spaces where memories are made and joy flourishes.

# Meals that celebrate *every story*

**It's easy to understand why mealtimes are so important at Homewood. Like everything here, our residents are at the heart of everything we do, and they play an active role in shaping our menus.**

From comforting roast dinners to globally inspired themed food events, the dining experience at Homewood is vibrant and diverse and honours the cultural diversity of the residents.

The themed dinner parties are very popular, celebrating cuisines from around the world. Whether it's an Italian evening with pasta and tiramisu, or a traditional British fish and chips night, they spark conversations and memories, allowing residents to share their own food stories and heritage.

We all particularly enjoy events like celebrating National Pie Week and the somewhat messy baking sessions where fun rather than finesse is the name of the game.

If our residents fancy a cheeky snack or a midnight feast, light meals are available throughout the day, ensuring residents have the freedom to enjoy food whenever they wish.

At Homewood, every meal is an opportunity to connect and celebrate the rich tapestry of cultures within the home.

# Living later life well

Life at Homewood is as vibrant as its residents. The activities calendar is packed with opportunities to connect, create, and celebrate. Residents enjoy pottery sessions, chair fitness classes, and live music performances, all designed to inspire joy and keep minds and bodies active.

Homewood's community connections add even more variety to life. Volunteers and local organisations bring energy and creativity, helping the home with organising activities like garden decoration, seasonal events, and fundraising fairs. Regular visits from local school children and therapy animals provide moments of intergenerational joy and companionship. The residents get especially excited when they hear that the local llamas are coming to visit.

Outings are a highlight for many residents, with the benefit of the home's minibus offering trips to Warwick Castle, local garden centres, and nearby cafes. Seasonal excursions, such as Christmas light tours, give residents the chance to make new memories and experience the best of the local area.

Mum was very lonely and very frail in her own flat and her mobility was very poor. Since moving into Homewood, her mobilities have increased remarkably.
